SAN MIGUEL FIRE & RESCUE

Budget Summary Revenue Detail Comments

Line 1 Property Taxes: Property Taxes Final Revenue includes the increase from delinquent payments, CSA 115 annexation, and the property taxes increase from growth from Fiscal Year 2022/2023.

Line 2 Benefit Assessments Revenue: Approved Benefit Assessments Fees.

Line 3 AMR Contract and Other Miscellaneous Revenue: Includes plan check fees, inspection fees, AMR contract and rental fees of various facilities, and miscellaneous reimbursements. The District is anticipating a loss of revenue due to the termination of the First Responder Pool of Funds Contract through the County of San Diego and the loss of rental income for the cell towers located at Station 18 and 23.

Note: YTD Actuals were over budget due to COVID 19 fiscal relief monies received from the State of California Department of Finance for \$2.1M, along with OES expense reimbursement \$1.2M not budgeted for and offset by employee overtime, property taxes increased by delinquent payments, CSA 115 annexation, and growth.

Line 4 Interest Income: Consists of mostly County Investment Pool and the Public Agency Self Insurance System (PASIS). It is anticipated that we will receive less interest income in the upcoming Fiscal Year.

SAN MIGUEL FIRE & RESCUE

Detailed Expense Budget Comments

Salaries & Benefits

Line 1 Health Insurance - Employees: Decrease in health insurance premiums due to retirements in addition to increases in the District-paid premium.

Line 2 Health Insurance Retirees & Directors: Tier 2 retirees have been added to health insurance – this line item is anticipated to increase each year.

Line 6-9 Retirement (Normal Costs): Increases/Decreases are based on salaries related to Classic and PEPRA classifications and the CalPERS rates for the year. As Classic members retire, the normal costs will decrease and the PEPRA costs will increase with attrition.

Line 10 & 11 Unfunded Liability (CalPERS Payment & Lease Revenue Bond): The District adopted a strategy to help stabilize the growing costs of the pension liability. A lump sum payment is being made through a Lease Revenue Bond to payoff a portion of the UAL to CalPERS. This strategy will allow savings to be put aside for future pension obligations.

Line 13 Paramedic Recertification: This recertification was removed from the MOU based on negotiations and has been incorporated into the Captain & Engineer Paramedic differentials.

Line 15 Scheduled Overtime: These costs are tied to approved salaries based on MOU's.

Line 17-18 Base Salaries: Based on approved Salary Schedules for through the MOU's and Terms of Employment.

Line 19 Economic Catastrophe/Stabilization Plan: This line item is to assist in the planning for a stabilized budget during an economic downturn and would need additional Board approval. This is tied to the Economic Catastrophic/Recession Plan that is currently being drafted.

Board of Directors

Line 25 Board of Directors IT Equipment: Board of Directors IT equipment was not expended last year; therefore, it was determined a decrease in the budget was appropriate.

Administration Management

Line 27 FAIRA (Fire, Liability, Collision): Increase of approximately 23% reflects the continued deterioration in the pricing available for liability and property rates levied against all California municipalities. The District continues to monitor and assess the needs of the District. Currently FAIRA continues to provide the most competitive rates along with the best coverage for Fire/EMS services.

Line 29 Information Technology Equipment: This line item is based on a replacement schedule and new technology equipment will be replacement on an as-needed basis.

Line 49 Wellness Program: Per the current contract there will be an increase of 5% yearly. This contract is currently being reviewed.

Line 67 Accounting Software: Implementation of new accounting program due to reoccurring issues with current software. District needs to utilize new technology to improve output of information and streamline financial processes. This will allow for a new chart of accounts to be established and automate reporting for more accountability. Manual reporting and processing of information will be eliminated with the new program. This also ensures that checks and balances are continually being monitored for accuracy and to prevent fraud. The \$60,000 includes the implementation and training. Yearly reoccurring cost will be \$16,000, which is \$6,000 more a year than our current software. Our current software is due for an upgrade and no longer has a support team. This is the recommendation from the Administrative Officer/Finance Officer.

Operations Management

Line 111-113 Safety Clothing: Increased costs in Personal Protective Equipment/Clothing is due to vendor inflationary increases.

Line 117 Cell Phone Service & Equipment: Cell phones and iPads for fire personnel for use on apparatuses. iPads being utilized for Tablet Command which will replace the MDCs through the replacement cycles.

Facilities Management

Line 145 Station Security Systems: Security systems to be replaced/updated based on improvements in technology. Security continues to be assessed and addressed when needed.

Training Program

Line 177 Training Props & Equipment: Increased costs for props/materials/equipment is due to vendor inflationary increases. The Training Division continues to provide necessary internal training for the development of personnel.

Peer Support/Chaplain Program

Line 223 Peer Support Training: In depth education to include structured seminars and classes that are required to become a certified Peer Support Member.

Community Outreach Program

Line 233 Community Outreach Overtime: Includes overtime for committee to meet throughout the year to establish goals and objectives along with required personnel needed for community events after-hours/off-duty.

Line 235 Public Relations: Board of Directors did not accept the line-item for a public relations consultant, and it was removed from the Preliminary Budget.

Line 236 Community Outreach Supplies/Goods: Increase in Community Outreach supplies/goods for public events (school visits, open houses, etc.). This line item would consist of public education flyers, children logo items, and other miscellaneous needs.

Line 238 Open Houses: To include interactive activities for the open houses at multiple stations over the year.

Reserve Fund Expenditures 2022/2023 Proposed Final Budget THESE EXPENDITURES ARE COMMITTED IN THE BUDGET & PURCHASED THROUGHOUT THE YEAR THERE IS NO GUARANTEE THESE ITEMS WILL BE PROCURED

SAN MIGUEL FIRE & RESCUE

Reserve Fund Expenditure Detail Additional Comments

Contingency Reserve Fund:

Board Room & Conference Room IT Equipment Upgrade utilizing American Rescue Plan Act (ARPA) Funding approved by the County of San Diego. These projects were deferred in the previous year due to timing of contractors and other facility priorities. The request is being increased due to supply/material cost increases.

Uncompensated Leave Fund:

The District does not project expenditures in this account, rather uses it on an as needed basis to reimburse the General Fund account for employee payouts.

Vehicle Replacement Fund:

Apparatus – Major Repairs is budgeted ongoing for emergency repairs if needed throughout the year to stabilize the General Fund.

Type 1 Engine Equipment (2) was budgeted last year, but due to delayed delivery of equipment, it will need to be expended in Fiscal Year 2022/2023.

Emergency Response Vehicle is being requested in the current budget but is scheduled for replacement and budgeted for Fiscal Year 2023/2024. Due to the current supply chain issues, it is being requested that the District moves forward with the purchase because if ordered now, it will not be in service until the middle of 2023.

Capital Equipment Fund:

Lucas CPR Compression Devices deliver guideline consistent, high-quality chest compressions at recommended rate and depth while allowing for chest recoil. There are fewer interruptions, compared to manual CPR, leading to higher compression ratios. This allows the 3-0 staffing model to benefit as the device assumes the role of a "4th person" during CPR. The District is looking at grant opportunities for the initial purchase but requesting it in the budget.

Self-Contained Breathing Apparatus Replacement (SCBA) for all current equipment. It has been determined that the District cannot purchase another generation without being out of compliance with OSHA & NFPA standards. The District established a committee to review quotes and manufacturers. The Board of Directors were made aware that the replacement would be coming forward, and it was anticipated that it would cost over \$1,000,000. Due to the work of the committee, it was determined that staying with the current manufacturer, there is a cost savings, along with better training opportunities. The District has submitted a grant proposal for replacement of 38 SCBA packs and it was approved in September 2022.

Tablet Command (10) is the new incident management devices/software that increases situational awareness and streamlines incident management. These devices will replace Mobile Data Computers.

Reserve Fund Expenditure Detail Addition Comments

Fixed Equipment Fund:

Lease Payment – Solar Equipment has two years left on the lease agreement and the payments are based on a fixed amortization schedule.

Station 23 HVAC system needs to be upgraded due to the age of unit and a lack of function. Energy costs have increased at the station, and it was determined that some of that cost is due to the unit not performing at optimal efficiency. The unit is not cooling the station well, and it is recommended to be replaced before it becomes a health and safety issue.

Vehicle Exhaust System at Station 15 needs to be replaced due to changes in equipment and service life of current system. It was deferred and an increase of \$20,000 to this budget item is recommended for any cost adjustments.

Facilities Replacement/Renovations Fund:

Station 15 Renovation was deferred due to lack of submitted Request For Proposals (RFPs). The Board of Directors approved the project at the August 10, 2022, Regular Board Meeting when the bids were discussed in open session. The final budget includes demolition and construction.
